Chilton Primary School

KS1 Term 3 Maths Challenge

Below is the Term 3 maths challenge. If you would like to enter, complete the task below and return any entries to _your class teacher_ by _Friday 7ᵗʰ February._ This term's maths challenge is inspired by the upcoming NSPCC Number Day which is being held at Chilton on Friday 7ᵗʰ February. The entries of this challenge will be used on this day to play.

Names of those who are successful in the completion of the maths challenge will be entered into a raffle for a prize where one winner per year group will be chosen in our Chilton Heroes assembly on _Friday 14ᵗʰ February_. All entrants will receive a certificate for participating.

Challenge:

Create a mathematical game based on one of the mathematical skills you have learnt so far this year. This could be a board game, a card game or any other creative interpretation you can think of! These games will be tested on Chilton's NSPCC Number Day, 7ᵗʰ February. Will your game be chosen as your year group's winner?
