Dear Parents/Carers,

Chilton will be participating in The NSPCC Number Day, 2020. The school will come together on **Friday 7th February** and raise money for the NSPCC whilst having fun with maths at the same time. Other than a range of exciting activities that the teachers have planned for the morning, we are also asking the children in **Key Stage Two** to come in dressed up as a Times Table Rockstar! This could be their Times Table Rockstar Avatar or a rocker of their choice! To raise money for the NSPCC, we are suggesting a voluntary donation of £1.

On 'Number Day' the **Maths Mastermind** for Key Stage Two children will also be held to really get into the spirit of maths. In addition, there will be maths themed cake sale! The cake sale will be held at break time and after school outside the Year 5 Classrooms (weather permitting).

As part of the cake sale, children in Key Stage Two, are invited to take part in an optional home learning task to design and create the maths themed cakes that will be on sale. For example, they might want to create different shaped cakes or cakes with maths related toppings -be creative! We ask, if you do this, that you bring these in from **Wednesday 5th February -Friday 7th February** to your class teacher or to Miss Lane's Classroom (Team Indigo).

All money raised will be donated to the NSPCC (<https://www.nspcc.org.uk>) in hopes to give as much as we can to children that are in the most need around the world.

Kind regards,

Miss Lane
Maths Leader

One Childhood One Chance
