English

Today's English will require you to read your writing from yesterday.

What parts did you describe that were outside and inside the museum?

Using your descriptive language as a prompt, sketch a scene of the outside or inside of the museum (you can either do both!).

Remember that the museum is abandoned so your drawing techniques should reflect this. If you have chalks – brilliant, use them! However, using a sharp pencil and 'smudging' with your finger can also give an eerie, spooky effect!
