

I am learning to add

For today's learning, choose the challenge which your child feels comfortable with. They may start off on level 1 and then move to level 2 etc.

Level 1	Level 2	Level 3	Level 4
Practically	Number line to 20	Hundred square to 100	Mentally
5 + 4 =	6 + 7 =	43 + 5 =	44 + 8 =
6 + 3 =	9 + 5 =	42 + 7 =	23 + 9 =
7 + 2 =	10 + 4 =	34 + 11 =	47 + 6 =
3 + 5 =	12 + 7 =	68 + 4 =	45 + 10 =
7 + 3 =	12 + 6 =	72 + 10 =	56 + 7 =
4 + 7 =	17 + 3 =	45 + 12 =	42 + 10 =
6 + 7 =	14 + 5 =	79 + 11 =	59 + 6 =

Challenge:

Work out the answers to the following (using whichever method you like):

$$10 + 5 = \underline{\hspace{2cm}}$$

$$5 + 10 = \underline{\hspace{2cm}}$$

What does this tell us about adding? _____
