Today you are going to be designing your very own zoo. I would like you to draw your own park map for your zoo. Think about the following;

What animals are going to be in your zoo?

The layout. Remember animals need lots of space and some animals would not be suited near each other.

Rest stops, toilets, and cafés are all essential in any zoo.

Is there going to be a gift shop, a safari ride or an exciting attraction?

Use lots of colour within your design and remember to give your zoo a name.
