

A Way to the Stars

Let's make a picture book together. Here are the words.
Now do the pictures. Or just imagine the pictures.
Or have a sleep and dream the pictures.

The boy wanted to find a way to the stars.
His pals just laughed.
In your dreams! They said.
But his dad said he would help.
They had some food.
They had a think.
They made a ladder.
Up they went.
Whoops!
They built a tower.

Up they went.
Crash!
They built a rocket.
Up they went.
Nope!
And then a trampoline. A pair of wings. A pogo stick.
A cannon!
Up! Up! Up! Up!
No! No! No! No!
Hahahahahaha!
What a mess! What a laugh!
They had some food.
They had a think.
They built a shed.
So beautiful.
They went inside.
So very dark.
They painted moons. They painted stars. They painted
galaxies.
So very beautiful and bright.
They fell asleep.

They had their dreams.
Astonishing!
Astonishing!
Up! Up! Up! Up!
Yes! Yes! Yes! Yes!
