I am learning to identify lines

Today children we would like you to become the teacher.

Can you find out what the following maths terms mean?

Once you have found out find a way to teach someone else.

<https://www.youtube.com/watch?v=P3AOoLbA3us>

You could...

- Film a lesson - draw the lines and explain.
- Record your voice explaining the meaning.
- Create a poster
- Make up a rhyme, song or rap.

The terms are

- Parallel
- Perpendicular
- Diagonal
- Intersect
- Right angle

We look forward to seeing how creative you can be.

We'd love to see the videos, recordings, posters, songs etc.
uploaded to the padlet.
