Monday 22nd June

Extraordinary places!

This week we will be looking at unbelievable, obscure places, ones that only your imagination can access...

These places could be wonderful or horrifyingly hideous (the places where your nightmares would be afraid to go!).

Try to imagine these places in your head:

- The Mountain of Imagination
- The Castle of Doom
- The City of Wonder
- The Maze of Wishes
- The Cellar of Despair

What do these places look like? Why are there certain things in this place that give it its name? Is this place fascinating or eerie?

Today we are going to start the week off with an art activity!

Using the places above, pick one and sketch what it looks like (using the questions as prompts). Around the picture or on another piece of paper, summarise some key points about this place including some descriptive language.

There is no wrong answer to this activity as it is YOUR IMAGINATION!
