

Monday 18th January 2021

I am learning to understand where our food comes from.

Your task today is to complete the flow diagram to show the different stages of production for different food types.

Understand where our food comes from

Hen lays eggs

Chocolate is packaged

Cows are bred on a farm

Cows are milked

Apples are picked

Potatoes are grown on a farm

Cocoa is turned into chocolate

Chips are packaged

Milk is bottled

Eggs put in boxes

Apples are grown in orchards

Cacao pods are grown and picked

Farmer harvests potatoes

Farmer collects eggs

Potatoes turned into chips

Cocoa beans taken from pods
