Online Safety Policy

The Viking Academy Trust

Empowering Children Through Education: One Childhood One Chance

Schools in the Viking Academy Trust (VAT)

Chilton Primary School
Ramsgate Arts Primary School
Upton Junior School

This 'Online Safety Policy' is specific to Chilton Primary School.

Designated Safeguarding Lead : Kate Law
Named governor with lead responsibility: Hannah Cheshire
Trust governor with lead responsibility: Joanna Brand

1. Policy Aims and Scope

- This policy has been written by Chilton Primary School involving staff, learners and parents/carers, building on The Education People policy template, with specialist advice and input as required. It takes into account the DfE statutory guidance '[Keeping Children Safe in Education](#)', '[Early Years and Foundation Stage](#)', '[Working Together to Safeguard Children](#)' and the [local Safeguarding Children Multi-agency Partnership procedures](#).
- We recognise that online safety is an essential part of safeguarding and acknowledge our duty to ensure that all learners and staff are protected from potential harmful and inappropriate online material and/or behaviour. This policy sets out our whole school approach to online safety which will empower, protect and educate learners and staff in their use of technology and establishes the mechanisms in place to identify, intervene in, and escalate any concerns where appropriate.
- Chilton Primary School understands that breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk:
 - **content:** being exposed to illegal, inappropriate or harmful content, for example: pornography, fake news, racism, misogyny, self-harm, suicide, anti-Semitism, radicalisation and extremism.
 - **contact:** being subjected to harmful online interaction with other users; for example: peer to peer pressure, commercial advertising and adults posing as children or young adults with the intention to groom or exploit them for sexual, criminal, financial or other purposes.
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images e.g. consensual

- and non-consensual sharing of nudes and semi-nudes and/or pornography, sharing other explicit images and online bullying.
 - **commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams.
- Chilton Primary School recognises that children are at risk of abuse online as well as face to face. In many cases abuse will take place concurrently via online channels and in daily life. Children can also abuse their peers online.
- This policy applies to learners, parents/carers and all staff, including the governing body, leadership team, teachers, support staff, external contractors, visitors, volunteers and other individuals who work for, or provide services on behalf of the school (collectively referred to as "staff" in this policy).
- Chilton Primary School identifies that the internet and technology, including computers, tablets, mobile phones, smart watches, games consoles and social media, is an important part of everyday life, and presents positive and exciting opportunities, as well as challenges and risks. This policy applies to all access to and use of technology, both on and off-site.
- This policy links with several other policies, practices and action plans, including but not limited to:
 - Anti-bullying policy
 - Acceptable Use Policies (AUP) and the Code of conduct
 - Behaviour policy
 - Child protection policy
 - Confidentiality policy
 - Curriculum policies, such as: Computing, Personal Social and Health Education (PSHE), Citizenship and Relationships and Sex Education (RSE)
 - Data protection
 - Data/information security
 - Image use policy
 - Mobile and smart technology and Social media

2. Responding to Emerging Risks

- Chilton Primary School recognises that the internet is a constantly changing environment with new apps, devices, websites and material emerging at a rapid pace.
- We will:
 - carry out an annual review of our online safety approaches which will be supported by an annual risk assessment which considers and reflects the specific risks our learners face.
 - regularly review the methods used to identify, assess and minimise online risks.
 - examine emerging technologies for educational benefit and undertake appropriate risk assessments before their use is permitted.
 - ensure that appropriate filtering and monitoring is in place and take all reasonable precautions to ensure that internet access is appropriate.
 - recognise that due to the global and connected nature of the internet, it is not possible to guarantee that unsuitable material cannot be accessed via our systems, and as such identify clear procedures to follow if breaches or concerns arise.

3. Monitoring and Review

- Chilton Primary School will review this policy at least annually. The policy will also be revised following any national or local policy updates, any local concerns and/or any changes to our technical infrastructure.
- We will regularly monitor internet use taking place via our provided devices and systems and evaluate online safety mechanisms to ensure that this policy is consistently applied.
- To ensure they have oversight of online safety, the Head of School will be informed of online safety concerns, as appropriate.
- The named governor for safeguarding will report on online safety practice and incidents, including outcomes, on a regular basis to the wider governing body.
- Any issues identified will be incorporated into our action planning.

4. Roles and Responsibilities

- The Designated Safeguarding Lead (DSL) Kate Law, Head of School, is recognised as holding overall lead responsibility for online safety, however, Chilton Primary School recognises that all members of the community have important roles and responsibilities to play with regards to online safety.

4.1 The leadership and management team will:

- Create a whole school culture that incorporates online safety throughout.
- Ensure that online safety is viewed as a safeguarding issue and that practice is in line with national and local recommendations and requirements.
- Implement appropriate and up-to-date policies which address the acceptable use of technology, peer on peer abuse, use of social media and mobile technology.
- Work with technical staff and IT support to ensure that suitable and appropriate filtering and monitoring systems are in place.
- Support the DSL and any deputies by ensuring they have enough time and resources to carry out their responsibilities.
- Ensure robust reporting channels are in place regarding online safety concerns.
- Undertake appropriate risk assessments regarding the safe use of technology on site.
- Audit and evaluate online safety practice to identify strengths and areas for improvement. Ensure that staff, learners and parents/carers are proactively engaged in activities which promote online safety.
- Support staff to ensure that online safety is embedded within a progressive whole school curriculum which enables all learners to develop an appropriate understanding of online safety.

4.2 The Designated Safeguarding Lead (DSL) will:

- Act as a named point of contact on all online safeguarding issues.
- Liaise with other members of staff, such as pastoral support staff, IT technicians and the SENCO on matters of online safety as appropriate.
- Ensure referrals are made to relevant external partner agencies, as appropriate.
- Work alongside deputy DSLs to ensure online safety is recognised as part of the schools safeguarding responsibilities, and that a coordinated whole school approach is implemented.
- Access regular and appropriate training and support to ensure they understand the unique risks associated with online safety and have the relevant and up-to-date

knowledge required to keep learners safe online, including the additional risks that learners with SEN and disabilities (SEND) face online.

- Ensure all members of staff receive regular, up-to-date and appropriate online safety training and information as part of their induction and child protection training.
- Keep up to date with current research, legislation and trends regarding online safety and communicate this with the community, as appropriate.
- Work with staff to coordinate participation in local and national events to promote positive online behaviour, such as Safer Internet Day.
- Ensure that online safety is promoted to parents/carers and the wider community through a variety of channels and approaches.
- Maintain records of online safety concerns as well as actions taken, as part of the schools safeguarding recording mechanisms.
- Monitor online safety incidents to identify gaps and trends and use this data to update the education response and school policies and procedures.
- Report online safety concerns, as appropriate, to the senior leadership team and Governing Body.
- Work with the leadership team to review and update online safety policies on a regular basis (at least annually) with stakeholder input.
- Meet regularly (3 times per year) with the governor with a lead responsibility for safeguarding and at least once per year with the Trust governor with a lead responsibility for safeguarding

4.3 It is the responsibility of all members of staff to:

- Contribute to the development of our online safety policies.
- Read and adhere to our online safety policy and acceptable use of technology policies.
- Take responsibility for the security of IT systems and the electronic data they use or have access to.
- Model good practice when using technology with learners.
- Maintain a professional level of conduct in their personal use of technology, both on and off site.
- Embed online safety education in curriculum delivery wherever possible.
- Have an awareness of a range of online safety issues and how they may be experienced by the learners in their care.
- Identify online safety concerns and take appropriate action by following our safeguarding policies and procedures.
- Know when and how to escalate online safety issues, including reporting to the DSL and signposting learners and parents/carers to appropriate support, internally and externally.
- Take personal responsibility for professional development in this area.

4.4 It is the responsibility of staff managing the technical environment to:

- Provide technical support and perspective to the DSL and leadership team, especially in the development and implementation of appropriate online safety policies and procedures.
- Implement appropriate security measures including managing and checking access to Sharepoint and other school platforms as directed by the leadership team to ensure

that the schools IT infrastructure is secure and not open to misuse or malicious attack, whilst allowing learning opportunities to be maximised.

- Ensure that our filtering policy and monitoring systems and approaches are applied and updated on a regular basis; responsibility for its implementation is shared with the leadership team.
- Ensure appropriate technical support and access to our filtering and monitoring systems is given to the DSL to enable them to take appropriate safeguarding action when required.

4.5 It is the responsibility of learners (at a level that is appropriate to their individual age and ability) to:

- Engage in age/ability appropriate online safety education.
- Contribute to the development of online safety policies.
- Read and adhere to the acceptable use of technology and behaviour policies.
- Respect the feelings and rights of others, on and offline.
- Take an appropriate level of responsibility for keeping themselves and others safe online.
- Seek help from a trusted adult, if they are concerned about anything, they or others experience online.

4.6 It is the responsibility of parents and carers to:

- Read our Acceptable Use policy and encourage their children to adhere to them.
- Support our online safety approaches by discussing online safety issues with their children and reinforcing appropriate and safe online behaviours at home.
- Role model safe and appropriate use of technology and social media and abide by the home-school agreement and acceptable use of technology policies.
- Seek help and support from the school or other appropriate agencies if they or their child encounter online issues.
- Contribute to the development of our online safety policies.
- Use our systems, such as learning platforms and other IT resources, safely and appropriately.
- Take responsibility for their own awareness in relation to the risks and opportunities posed by the new and emerging technologies that their children access and use at home.

5. Education and Engagement Approaches

5.1 Education and engagement with learners

- Chilton Primary School will establish and embed a whole school culture and will empower our learners to acquire the knowledge needed to use the technology in a safe, considered and respectful way, and develop their resilience so they can manage and respond to online risks.
- We and will raise awareness and promote safe and responsible internet use amongst learners by:

- ensuring our curriculum and whole school approach is developed in line with the UK Council for Internet Safety (UKCIS) '[Education for a Connected World Framework](#)' and DfE '[Teaching online safety in school](#)' guidance.
- ensuring online safety is addressed in Relationships Education, Health Education, and Computing programmes of study.
- reinforcing online safety principles in other curriculum subjects and whenever technology or the internet is used on site.
- implementing appropriate peer education approaches through use of the IT Team and learning opportunities during Healthy Relationship weeks (e.g. making online safety videos and information or reports).
- creating a safe environment in which all learners feel comfortable to say what they feel, without fear of getting into trouble and/or being judged for talking about something which happened to them online.
- involving the DSL as part of planning for online safety lessons or activities, so they can advise on any known safeguarding cases, and ensure support is in place for any learners who may be impacted by the content.
- making informed decisions to ensure that any educational resources used are appropriate for our learners.
- using external visitors, where appropriate, to complement and support our internal online safety education approaches.
- providing online safety education as part of the transition programme across the key stages and when moving between establishments.
- rewarding positive use of technology. Responsibilities within the school to children to look after equipment and celebration of responsible use is achieved through certificates and phone calls home etc.
- Chilton Primary School will support learners to understand and follow our Acceptable Use policies in a way which suits their age and ability by:
 - sharing our acceptable use policies with them in accessible and appropriate ways.
 - displaying acceptable use posters in all rooms with internet access.
 - informing learners that network and internet use will be monitored for safety and security purposes, and in accordance with legislation.
 - seeking learner voice when writing and developing online safety policies and practices, including curriculum development and implementation.
- Chilton Primary School will ensure learners develop the underpinning knowledge and behaviours needed to navigate the online world safely, in a way which suits their age and ability by:
 - ensuring age appropriate education regarding safe and responsible use precedes internet access.
 - enabling them to understand what acceptable and unacceptable online behaviour looks like.
 - teaching learners to evaluate what they see online and recognise techniques used for persuasion, so they can make effective judgements about if what they see is true, valid or acceptable.
 - educating them in the effective use of the internet to research, including the skills of knowledge location, retrieval and evaluation.
 - preparing them to identify possible online risks and make informed decisions about how to act and respond.

- ensuring they know how and when to seek support if they are concerned or upset by something they see or experience online.

5.2 Vulnerable learners

- Chilton Primary School recognises that any learner can be vulnerable online, and vulnerability can fluctuate depending on age, developmental stage and personal circumstances. However, there are some learners, for example looked after children and those with special educational needs or disabilities, who may be more susceptible or may have less support in staying safe online.
- Chilton Primary School will ensure that differentiated and appropriate online safety education, access and support is provided to all learners who require additional or targeted support. We use advice and resources provided by organisations such as <https://www.missingkids.org/netsmartz>; <https://www.thinkuknow.co.uk/> and <https://www.childnet.com/>
- Staff at Chilton Primary School will seek input from specialist staff as appropriate, including the DSL and SENCO to ensure that the policy and curriculum is appropriate to our community's needs.

5.3 Training and engagement with staff

- We will:
 - provide and discuss the online safety policy and procedures, including our acceptable use policy, with all members of staff as part of induction.
 - provide up-to-date and appropriate training for all staff which is integrated, aligned and considered as part of our overarching safeguarding approach. Online safety training is delivered as part of annual safeguarding training and updated regularly throughout the school year through professional development meetings and regular update bulletins.
 - ensure staff training covers the potential risks posed to learners (content, contact and conduct) as well as our professional practice expectations.
 - build on existing expertise, by providing opportunities for staff to contribute to and shape our online safety approaches.
 - ensure staff are aware that our IT systems are monitored, and that activity can be traced to individual users. Staff will be reminded to behave professionally and in accordance with our policies when accessing our systems and devices.
 - ensure staff are aware that their online conduct, including personal use of social media, can have an impact on their professional role and reputation.
 - highlight useful educational resources and tools which staff could use with learners.
 - ensure all members of staff are aware of the procedures to follow regarding online safety concerns involving learners, colleagues or other members of the community.

5.4 Awareness and engagement with parents and carers

- Chilton Primary School recognises that parents and carers have an essential role to play in enabling our learners to become safe and responsible users of the internet and associated technologies.

- We will build a partnership approach to online safety with parents and carers by:
 - providing information and guidance on online safety in a variety of formats. For example, this will include offering specific online safety awareness training and highlighting online safety at other events such as parent evenings, transition events and sports days.
 - drawing their attention to our online safety policy and expectations in our newsletters and other external communication (such as letters and social media channels) and on our website.
 - requesting parents and carers read online safety information as part of joining our community, for example, within our home school agreement.
 - requiring them to read our acceptable use of technology policies and discuss the implications with their children.

6. Safer Use of Technology

6.1 Classroom use

- Chilton Primary School uses a wide range of technology. This includes access to:
 - Computers, laptops, tablets and other digital devices
 - Internet, which may include search engines and educational websites
 - Remote Learning Platform (Microsoft Teams)
 - Games-based technologies
 - Digital cameras
- All school owned devices will be used in accordance with our acceptable use of technology policies and with appropriate safety and security measures in place. This includes:
 - Children's log on information used for signing in to devices and learning platforms including sites such as TTRS
 - Monitoring of blocked lists
 - Appropriate password protection of staff devices and platforms
 - Appropriate storage and subsequent deletion of any photographs or images
- Members of staff will always evaluate websites, tools and apps fully before use in the classroom or recommending for use at home.
- The school will use appropriate search tools as identified following an informed risk assessment. Examples of search tools used: [SWGfL Squiggle](#) or [Dorling Kindersley Find Out](#)
- Google is permitted as a search tool. Teachers may provide lists of search terms to use having researched these in advance. Children are taught procedures of how to deal with inappropriate search results. Adults report any inappropriate search results to the IT Team who investigate and take action immediately.
- Use of video sharing platforms will be in accordance with our acceptable use of technology policies, following an informed risk assessment and with appropriate safety and security measures in place. Vimeo is used as a video sharing platform by staff and videos are password protected appropriately. Only the Viking Academy Trust Vimeo site is permitted for video use.
- We will ensure that the use of internet-derived materials by staff and learners complies with copyright law and acknowledge the source of information.

- Supervision of internet access and technology use will be appropriate to learners age and ability. This includes:
 - **Early Years Foundation Stage and Key Stage 1**
 - Access to the internet will be by adult demonstration, with occasional directly supervised access to specific and approved online materials, which supports the learning outcomes planned for the learners' age and ability.
 - **Key Stage 2**
 - Learners will use age-appropriate search engines and online tools.
 - Learners will be directed by the teacher to online materials and resources which support the learning outcomes planned for the learners' age and ability.

6.1 Managing internet access

- All users will read and agree and/or acknowledge our acceptable use policy, appropriate to their age, understanding and role, before being given access to our computer system, IT resources or the internet.
- We will maintain a record of users who are granted access to our devices and systems.

6.2 Filtering and monitoring

6.3.1 Decision making

- Chilton Primary School will do all we reasonably can to limit children's exposure to online risks through school provided IT systems/devices and will ensure that appropriate filtering and monitoring systems are in place.
- Chilton Primary School governors and leaders have ensured that our school has age and ability appropriate filtering and monitoring in place to limit learner's exposure to online risks. Our decision regarding filtering and monitoring has been informed by a risk assessment, considering our specific needs and circumstances. Leaders use the advice, guidance, check lists and online filtering checks provided by <https://www.saferinternet.org.uk/advice-centre/teachers-and-school-staff/appropriate-filtering-and-monitoring>
- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team; all changes to the filtering policy are logged and recorded.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate.
- Governors and leaders are mindful to ensure that "over blocking" does not unreasonably restrict access to educational activities and safeguarding materials.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

6.3.2 Appropriate filtering

- Chilton Primary School's education broadband connectivity is provided through schools broadband and Chilton uses netsweeper

- Netsweeper blocks access to sites which could promote or include harmful and/or inappropriate behaviour or material. This includes content which promotes discrimination or extremism, drugs/substance misuse, malware/hacking, gambling, piracy and copyright theft, pro-self-harm, eating disorder and/or suicide content, pornographic content and violent material.
- Netsweeper is a member of [Internet Watch Foundation](#) (IWF) and blocks access to illegal Child Abuse Images and Content (CAIC).
- Netsweeper integrates the 'the police assessed list of unlawful terrorist content, produced on behalf of the Home Office'
- We work with Schools Broadband and Netsweeper to ensure that our filtering policy is continually reviewed to reflect our needs and requirements.
- If learners or staff discover unsuitable sites or material, they are required to:
 - Close the lid or press the home button of the device that they are using and report the issue to a member of staff immediately. The member of staff will report the issue (URL etc.) to the IT Team immediately who will investigate appropriately and make necessary changes to blocking, filtering and monitoring.
- Filtering breaches will be reported to the DSL and technical staff and will be recorded and escalated as appropriate in line with existing policies, including child protection, acceptable use and behaviour.
- Parents/carers will be informed of filtering breaches involving learners.
- Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the IWF, the police and/or NCA-Child Exploitation and Online Protection Command ([CEOP](#)).

6.3.3 Appropriate monitoring

- We will appropriately monitor internet use on all school owned or provided internet enabled devices. This is achieved by:
 - Physical supervision of children by staff when they are using devices and / or the internet; checking of weekly 'denied/blocked lists'; checking log-on and access information
- All users will be informed that use of our systems can be monitored and that all monitoring will be in line with data protection, human rights and privacy legislation.
- If a concern is identified via our monitoring approaches:
 - Where the concern relates to learners, it will be reported to the DSL and will be recorded and responded to in line with relevant policies, such as child protection, acceptable use, and behaviour.
 - Where the concern relates to staff, it will be reported to the Head of School (or chair of governors if the concern relates to the Head of School), in line with our staff behavior and allegations policy.

6.4 Managing personal data online

- Personal data will be recorded, processed, transferred and made available online in accordance with General Data Protection Regulations and Data Protection legislation.
 - Full information can be found in our information security policy which can be accessed on our [Trust Privacy policy page](#)

6.5 Information security and access management

- We take appropriate steps to ensure necessary security protection procedures are in place, in order to safeguard our systems, staff and learners.
- Further information about technical environment safety and security can be found on our [Trust Privacy policy page](#) but includes:
 - Virus protection being updated regularly.
 - Encryption for personal data sent over the Internet or taken off site via appropriate secure remote access systems.
 - Not downloading unapproved software to work devices or opening unfamiliar email attachments.
 - Preventing, as far as possible, access to websites or tools which could compromise our systems, including anonymous browsing and other filtering bypass tools.
 - Checking files held on our network, as required and when deemed necessary by leadership staff.
 - The appropriate use of user logins and passwords to access our network and user logins and passwords will be enforced for all users.
 - All users are expected to log off or lock their screens/devices if systems are unattended.
- We will review the effectiveness of our security approaches and procedures periodically in order to keep up with evolving cyber-crime technologies.

6.5.1 Password policy

- All members of staff have their own unique username and private passwords to access our systems; members of staff are responsible for keeping their password private.
- From year 1, all learners are provided with their own unique username and private passwords to access our systems; learners are responsible for keeping their password private.
- We require users to
 - use strong passwords for access into our system (staff)
 - change their passwords every term (staff)
 - not share passwords or login information with others or leave passwords/login details where others can find them (all users)
 - not to login as another user at any time (all users)
 - lock access to devices/systems when not in use (all users)

6.6 Managing the safety of our website

- We will ensure that information posted on our website meets the requirements as identified by the [DfE](#).
- We will ensure that our school website complies with guidelines for publications, including accessibility, data protection, respect for intellectual property rights, privacy policies and copyright.
- Staff or learner's personal information will not be published on our website; the contact details on the website will be our school address, email and telephone number.
- The administrator account for our website will be secured with an appropriately strong password.
- We will post appropriate information about safeguarding, including online safety, on our website for members of the community.

6.7 Publishing images and videos online

- We will ensure that all images and videos shared online are used in accordance with the associated policies, including (but not limited to) image use, data security, acceptable use policies, code of conduct, social media and use of mobile and smart technology policies.

6.8 Managing email

- Access to our email systems will always take place in accordance with data protection legislation and in line with other policies, including confidentiality, acceptable use of technology policies and the code of conduct.
- The forwarding of any chain messages/emails is not permitted.
- Spam or junk mail will be blocked and reported to the email provider.
- Any electronic communication which contains sensitive or personal information will only be sent using secure and encrypted email.
- School email addresses and other official contact details will not be used to set up personal social media accounts.
- Members of the community will immediately report offensive communication to the DSL (Kate Law, Head of School).
- Excessive social email use can interfere with teaching and learning and will be restricted; access to external personal email accounts will be blocked on site.
- We will have a dedicated system ([Worried?](#)) for reporting wellbeing and pastoral issues. This inbox will be managed by designated and trained staff.

6.8.1 Staff email

- All members of staff:
 - are provided with an email address to use for all official communication; the use of personal email addresses by staff for any official business is not permitted.
 - are encouraged to have an appropriate work life balance when responding to email, especially if communication is taking place between staff, learners and parents.

6.9 Management of learning platforms

- Chilton Primary School uses Microsoft Teams as its official learning platform and all access and use takes place in accordance with our acceptable use policies.
- Leaders and staff will regularly monitor the usage of the Learning Platform (LP), including message/communication tools and publishing facilities.
- Only current members of staff, learners and parents will have access to the LP. When staff and learners leave the school, their account will be disabled
- Any concerns about content on the LP will be recorded and dealt with in the following ways:
 - The user will be asked to remove any material deemed to be inappropriate or offensive.
 - If the user does not comply, the material will be removed by the site administrator.
 - Access to the LP for the user may be suspended.
 - The user will need to discuss the issues with a member of leadership before reinstatement.

- A learner's parents/carers may be informed.
- If the content is illegal, we will respond in line with existing child protection procedures.
- Learners may require editorial approval from a member of staff. This may be given to the learner to fulfil a specific aim and may have a limited time frame.
- A visitor may be invited onto the LP by a member of the leadership as part of an agreed focus or a limited time slot.

6.10 Management of applications (apps) used to record progress

- We use Bromcom / My Child At School (MCAS) to track learners progress and share appropriate information with parents and carers.
- The Head of School will ensure that the use of tracking systems is appropriately risk assessed prior to use, and that use takes place in accordance with data protection legislation, including the General Data Protection Regulations (GDPR) and Data Protection legislation.
- To safeguard learner's data:
 - only school issued devices will be used for apps that record and store learners' personal details, attainment or photographs.
 - personal staff mobile phones or devices will not be used to access or upload content to any apps which record and store learners' personal details, attainment or images.
 - devices will be appropriately encrypted if taken off site, to reduce the risk of a data security breach, in the event of loss or theft.
 - all users will be advised regarding safety measures, such as using strong passwords and logging out of systems.
 - parents and carers will be informed of the expectations regarding safe and appropriate use, prior to being given access; for example, not sharing passwords or images.

6.11 Management of remote learning

Where children are asked to learn online at home in response to a full or partial closure:

- Chilton Primary School will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.
- All communication with learners and parents/carers will take place using school provided or approved communication channels; for example, school provided email accounts and phone numbers and agreed systems (Microsoft Teams and Office 365)
 - Any pre-existing relationships or situations which mean this cannot be complied with will be discussed with the DSL.
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our code of conduct and Acceptable Use Policies.
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- When delivering remote learning, staff will follow our Remote Learning Policy.

- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Chilton Primary School will continue to be clear who from the school their child is going to be interacting with online.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parent controls are implemented at home.
- Leaders have use [Safeguarding and remote education during coronavirus \(COVID-19\)](#) to inform policy and practice.

7. Social Media

7.1 Expectations

- The expectations' regarding safe and responsible use of social media applies to all members of Chilton Primary School's community. The policy applies to all use of social media; the term social media includes, but is not limited to, blogs, wikis, social networking sites, forums, bulletin boards, online gaming, apps, video/photo sharing sites, chatrooms and instant messenger apps or other online communication services.
- All members of our community are expected to engage in social media in a positive and responsible manner and are advised not to post or share content that may be considered threatening, hurtful or defamatory to others on any social media service.
- We will control learner and staff access to social media whilst using school provided devices and systems on site. (Access is not permitted on school systems)
- Concerns regarding the online conduct of any member of Chilton Primary School's community on social media will be taken seriously. Concerns will be managed in accordance with the appropriate policies, including anti-bullying, allegations against staff, behaviour, home school-agreements, staff code of conduct, Acceptable Use Policies, and child protection.

7.2 Staff use of social media

- The use of social media during school hours for personal use is only permitted for staff during break times in the staffroom on personal devices.
- Safe and professional online behaviour is outlined for all members of staff, including volunteers, as part of our code of conduct and acceptable use of technology policy.
- The safe and responsible use of social media sites will be discussed with all members of staff as part of staff induction. Advice will be provided and updated via staff training and additional guidance and resources will be shared with staff as required on a regular basis.
- Any complaint about staff misuse of social media or policy breaches will be taken seriously in line with our child protection and allegations against staff policy.

7.2.1 Reputation

- All members of staff are advised that their online conduct on social media can have an impact on their role and reputation within the school. Civil, legal or disciplinary action may be taken if staff are found to bring the profession or institution into disrepute, or if something is felt to have undermined confidence in their professional abilities.
- All members of staff are advised to safeguard themselves and their privacy when using social media. This may include, but is not limited to:
 - Setting appropriate privacy levels on their personal accounts/sites.
 - Being aware of the implications of using location sharing services.
 - Opting out of public listings on social networking sites.

- Logging out of accounts after use.
- Using strong passwords.
- Ensuring staff do not represent their personal views as being that of the school.
- Members of staff are encouraged not to identify themselves as employees of Chilton Primary School on their personal social networking accounts; this is to prevent information being linked with the setting and to safeguard the privacy of staff members.
- All staff are expected to ensure that their social media use is compatible with their professional role and is in accordance our policies and the wider professional reputation and legal framework. All members of staff are encouraged to carefully consider the information, including text and images, they share and post on social media.
- Information and content that staff members have access to as part of their employment, including photos and personal information about learners and their family members or colleagues, will not be shared or discussed on social media sites.
- Members of staff will notify the leadership team immediately if they consider that any content shared on social media sites conflicts with their role.

7.2.2 Communicating with learners and their families

- Staff will not use any personal social media accounts to contact learners or their family members.
- All members of staff are advised not to communicate with or add any current or past learners or their family members, as 'friends' on any personal social media accounts.
- Any communication from learners and parents/carers received on personal social media accounts will be reported to the DSL (or deputy)
- Any pre-existing relationships or situations, which mean staff cannot comply with this requirement, will be discussed with the DSL and the Head of School. Decisions made and advice provided in these situations will be formally recorded to safeguard learners, members of staff and the setting.
- If ongoing contact with learners is required once they have left the setting, members of staff will be expected to use existing alumni networks, or use official setting provided communication tools.

7.3 Official use of social media

- Chilton Primary School's official social media channels are: Facebook: Chilton Primary; Twitter: ChiltonRamsgate and Instagram: chiltonramsgate
- The official use of social media sites by Chilton Primary School only takes place with clear educational or community engagement objectives and with specific intended outcomes and the use has been formally risk assessed and approved by the Head of School prior to use.
- Official social media sites are suitably protected and, where possible, linked to our website.
 - Official social media channels have been set up as distinct and dedicated accounts for official educational or engagement purposes only.
 - Staff use setting provided email addresses to register for and manage official social media channels.
 - Leadership staff have access to account information and login details for our social media channels, in case of emergency, such as staff absence.

- Official social media use will be conducted in line with existing policies, including but not limited to anti-bullying, image use, data protection, confidentiality and child protection.
- All communication on official social media platforms by staff on behalf of the setting will be clear, transparent and open to scrutiny. Public communications on behalf of the setting will, where appropriate and possible, be read and agreed by at least one other colleague.
- Parents/carers and learners will be informed of any official social media use, along with expectations for safe use and action taken to safeguard the community.
- Parents and carers will be informed of any official social media use with learners; any official social media activity involving learners will be moderated if possible and written parental consent will be obtained as required.
- We will ensure that any official social media use does not exclude members of the community who are unable or unwilling to use social media channels.
- Members of staff who follow and/or like our official social media channels will be advised to use dedicated professional accounts where possible, to avoid blurring professional boundaries.
- If members of staff are managing and/or participating in online social media activity as part of their capacity as an employee of the setting, they will:
 - Read and understand our Acceptable Use Policy.
 - Be aware they are an ambassador for the school.
 - Be professional, responsible, credible, fair and honest, and consider how the information being published could be perceived or shared.
 - Always act within the legal frameworks they would adhere to within the workplace, including libel, defamation, confidentiality, copyright, data protection and equalities laws.
 - Follow our image use policy at all times, for example ensuring that appropriate consent has been given before sharing images.
 - Not disclose information, make commitments or engage in activities on behalf of the setting, unless they are authorised to do so.
 - Not engage with any private or direct messaging with current or past learners or their family members.
 - Inform their line manager, the DSL (or deputy) and Head of School of any concerns, such as criticism, inappropriate content or contact from learners.

7.4 Learners' use of social media

- The use of social media during school hours for personal use is not permitted for learners.
- Chilton Primary School will empower our learners to acquire the knowledge needed to use social media in a safe, considered and respectful way, and develop their resilience so they can manage and respond to online risks. Safe and appropriate use of social media will be taught to learners as part of an embedded and progressive safeguarding education approach using age-appropriate sites and resources. Further information is contained within our child protection and relevant specific curriculum policies (PSHE, Health Education)
- We are aware that many popular social media sites are not permitted for use by children under the age of 13, or in some cases higher. As such, we will not create

accounts for learners under the required age as outlined in the services terms and conditions.

- Learners will be advised:
 - to consider the benefits and risks of sharing personal details or information on social media sites which could identify them and/or their location.
 - to only approve and invite known friends on social media sites and to deny access to others, for example by making profiles private.
 - not to meet any online friends without a parent/carer or other appropriate adults' permission, and to only do so when a trusted adult is present.
 - to use safe passwords.
 - to use social media sites which are appropriate for their age and abilities.
 - how to block and report unwanted communications.
 - how to report concerns on social media, both within the setting and externally.
- Any concerns regarding learners use of social media will be dealt with in accordance with appropriate existing policies, including anti-bullying, child protection and behaviour.
- The DSL (or deputy) will respond to social media concerns involving safeguarding or child protection risks in line with our child protection policy.
- Sanctions and/or pastoral/welfare support will be implemented and offered to learners as appropriate, in line with our child protection and behaviour policy. Civil or legal action may be taken if necessary.
- Concerns regarding learners' use of social media will be shared with parents/carers as appropriate, particularly when concerning underage use of social media services and games.

8. Responding to Online Risks and/or Policy Breaches

- All members of the community:
 - are made aware of our expectations regarding safe and appropriate behaviour online and the importance of not posting any content, comments, images or videos which could cause harm, distress or offence.
 - are informed of the need to report policy breaches or concerns in line with existing school policies and procedures. This may include: code of conduct, child protection policy, use of mobile and smart technology and social media policy, allegations and whistleblowing policies
 - will respect confidentiality and the need to follow the official procedures for reporting concerns.
 - will be informed of our complaints procedure and staff will be made aware of the whistleblowing procedure.
 - will be made aware of how the school will monitor policy compliance by: AUP, staff training and classroom monitoring.
 - are expected to adopt a partnership with the school to resolve issues.
- If appropriate, after any investigations are completed, the DSL and leadership staff will debrief, identify lessons learnt and implement any policy or curriculum changes, as required.
- If we are unsure how to proceed with an incident or concern, the DSL or Head of School will seek advice from the local authority or other agency in accordance with our child protection policy. ([Kent Education Safeguarding Service](#) Thanet 03000 418 503)

- Where there is a concern that illegal activity has taken place, we will contact the police using 101, or 999 if there is immediate danger or risk of harm.
- If information relating to a specific incident or a concern needs to be shared beyond our community, for example if other local schools are involved or the wider public may be at risk, the DSL or Head of School will speak with the police and the Local Authority first, to ensure that potential criminal or child protection investigations are not compromised. ([Kent Education Safeguarding Service](#) Thanet 03000 418 503)

8.1 Concerns about learner online behaviour and/or welfare

- All concerns about learners will be responded to and recorded in line with our child protection policy:
 - The DSL will be informed of all online safety concerns involving safeguarding or child protection risks in line with our child protection policy.
 - The DSL will ensure that online safety concerns are escalated and reported to relevant partner agencies in line with local policies and procedures.
- Appropriate sanctions and/or pastoral/welfare support will be implemented and/or offered to learners as appropriate. Civil or legal action will be taken if necessary.
- We will inform parents/carers of online safety incidents or concerns involving their child, as and when required.

8.2 Concerns about staff online behaviour and/or welfare

- Any complaint about staff misuse will be referred to the Head of School, in accordance with our allegations against staff policy.
- Any allegations regarding a member of staff's online conduct will be discussed with the LADO (Local Authority Designated Officer). Telephone:03000 41 08 88, Email: kentchildrenslado@kent.gov.uk
- Where appropriate, welfare support will be offered, and where necessary, disciplinary, civil and/or legal action will be taken in accordance with our staff code of conduct.

8.3 Concerns about parent/carer online behaviour and/or welfare

- Concerns regarding parents/carers behaviour and/or welfare online will be reported to the Head of School and DSL and dealt with in line with existing policies, including but not limited to child protection, anti-bullying, complaints, allegations against staff, home-school agreements, acceptable use of technology and behaviour policy.
- Where appropriate, welfare support will be offered, and where necessary, civil and/or legal action may be taken.

9. Procedures for Responding to Specific Online Concerns

9.1 Online peer on peer abuse

- Chilton Primary School recognises that whilst risks can be posed by unknown individuals or adults online, learners can also abuse their peers; all online peer on peer

abuse concerns will be responded to in line with our child protection and behaviour policies.

- We recognise that online peer on peer abuse can take many forms, including but not limited to:
 - bullying, including cyberbullying, prejudice-based and discriminatory bullying
 - abuse in intimate personal relationships between peers
 - physical abuse, this may include an online element which facilitates, threatens and/or encourages physical abuse
 - sexual violence and sexual harassment, which may include an online element which facilitates, threatens and/or encourages sexual violence
 - consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
 - causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
 - upskirting (which is a criminal offence), which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm
 - initiation/hazing type violence and rituals.
- Chilton Primary School believes that abuse is abuse, including when it takes place online and it will never be tolerated or dismissed as "banter", "just having a laugh", "part of growing up" or "boys being boys" as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.
- Chilton Primary School believes that all staff have a role to play in challenging inappropriate online behaviours between peers.
- Chilton Primary School recognises that, even if there are no reported cases of online peer on peer abuse, such abuse is still likely to be taking place.
- Concerns about learner's behaviour, including peer on peer abuse taking place online offsite will be responded to as part of a partnership approach with learners and parents/carers and in line with existing policies, for example anti-bullying, acceptable use, behaviour and child protection policies. Section 89(5) of the Education and Inspections Act 2006 gives headteachers a statutory power to discipline pupils for poor behaviour outside of the school premises e.g. when children are not under the lawful control or charge of a member of school staff, to such extent as is reasonable.
- Chilton Primary School wants children to feel able to confidently report abuse and know their concerns will be treated seriously. All allegations of online peer on peer abuse will be reported to the DSL and will be recorded, investigated, and dealt with in line with associated policies, including child protection, anti-bullying and behaviour. Learners who experience abuse will be offered appropriate support, regardless of where the abuse takes place.

10.1.1 Child on child online sexual violence and sexual harassment

www.childnet.com/resources/step-up-speak-up/guidance-and-training-for-schools-and-professionals

- When responding to concerns relating to online child on child sexual violence or harassment, Chilton Primary School will follow the guidance outlined in Part Five of

KCSIE 2021 and the DfE '[Sexual Violence and Sexual Harassment Between Children in Schools and Colleges](#)' guidance.

- Online sexual violence and sexual harassment exists on a continuum and may overlap with offline behaviours; it is never acceptable. Abuse that occurs online will not be downplayed and will be treated equally seriously.
- All victims of online sexual violence or sexual harassment will be reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting online sexual violence or sexual harassment or be made to feel ashamed for making a report.
- Chilton Primary School recognises that sexual violence and sexual harassment between children can take place online. Examples may include:
 - consensual and non-consensual sharing of nude and semi-nude images and videos
 - sharing of unwanted explicit content
 - 'upskirting' (which is a criminal offence and typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm)
 - sexualised online bullying
 - unwanted sexual comments and messages, including, on social media
 - sexual exploitation, coercion and threats.
- Chilton Primary School recognises that sexual violence and sexual harassment occurring online (either in isolation or in connection to face to face incidents) can introduce a number of complex factors. These include the potential for the incident to take place across a number of social media platforms and 24 services, and for things to move from platform to platform online.
- Chilton Primary School will respond to concerns regarding online sexual violence and sexual harassment between children, regardless of whether the incident took place on our premises or using our equipment.
- Chilton Primary School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of online sexual violence and sexual harassment and the support available, by implementing a range of age and ability appropriate educational methods as part of our curriculum. (see PSHE and Health Education policies, PSHE Association, Education for a Connected World)
- When there has been a report of online sexual violence or harassment, the DSL will make an immediate risk and needs assessment which will be considered on a case-by-case basis which explores how best to support and protect the victim and the alleged perpetrator and any other children involved/impacted.
 - The risk and needs assessment will be recorded and kept under review and will consider the victim (especially their protection and support), the alleged perpetrator, and all other children and staff and any actions that are required to protect them.
 - Reports will initially be managed internally by the DSL, and where necessary will be referred to Children's Social Care and/or the Police as well as [Kent Education Safeguarding Service](#) Thanet - 03000 418 503
 - The decision making and required action taken will vary on a case by case basis but will be informed by the wishes of the victim, the nature of the alleged incident (including whether a crime may have been committed), the ages and developmental stages of the children involved, any power imbalance, if the alleged incident is a one-off or a sustained pattern of abuse, if there are any

ongoing risks to the victim, other children, or staff, and any other related issues or wider context.

- If content is contained on learners' personal devices, they will be managed in accordance with the DfE '[searching screening and confiscation](#)' advice.
- Following an immediate risk assessment the school will:
 - provide the necessary safeguards and support for all learners involved, such as implementing safety plans, offering advice on blocking, reporting and removing online content, and providing appropriate counselling/pastoral support.
 - inform parents/carers for all children involved about the incident and how it is being managed and provide support and signposting, as appropriate, unless to do so would place a child at risk of significant harm.
 - if the concern involves children and young people at a different educational school, the DSL will work in partnership with other DSLs to ensure appropriate safeguarding action is taken in the wider local community.
 - If a criminal offence has been committed, the DSL will discuss this with the police first to ensure that investigations are not compromised.
 - review the handling of any incidents to ensure that best practice was implemented, and policies/procedures are appropriate.
- Chilton Primary School recognises that internet brings the potential for the impact of any concerns to extend further than the local community, and for a victim or alleged perpetrator to become marginalised and excluded by online communities. Chilton Primary School also recognises the potential for repeat victimisation in the future if abusive content continues to exist somewhere online.

10.1.2 Nude or semi-nude image sharing

[Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)

- Chilton Primary School recognises that consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as youth produced/involved sexual imagery or "sexting") can be a safeguarding issue; all concerns will be reported to and dealt with by the DSL (or deputy).
- This policy defines sharing nude or semi-nude image sharing as when a person under the age of 18:
 - creates and/or shares nude and/or semi-nude imagery (photos or videos) of themselves with a peer(s) under the age of 18.
 - shares nude and/or semi-nude imagery created by another person under the age of 18 with a peer(s) under the age of 18.
 - possesses nude and/or semi-nude imagery created by another person under the age of 18.
- When made aware of concerns regarding nude and/or semi-nude imagery, Chilton Primary School will follow the advice as set out in the non-statutory UKCIS guidance: '[Sharing nudes and semi-nudes: advice for education settings working with children and young people](#)'
- Chilton Primary School will ensure that all members of the community are made aware of the potential social, psychological and criminal consequences of creating or sharing nude or semi-nude images and sources of support, by implementing preventative

approaches, via a range of age and ability appropriate educational methods. (PSHE and Health Education policies, PSHE curriculum)

- We will respond to concerns regarding nude or semi-nude image sharing, regardless of whether the incident took place on site or using school provided or personal equipment.
- When made aware of concerns involving consensual and non-consensual sharing of nudes and semi-nude images and/or videos by children, staff are advised to:
 - Report any concerns to the DSL immediately.
 - Never view, copy, print, share, store or save the imagery, or ask a child to share or download it - this may be illegal. If staff have already viewed the imagery by accident, this will be immediately reported to the DSL.
 - Not delete the imagery or ask the child to delete it.
 - Not say or do anything to blame or shame any children involved.
 - Explain to child(ren) involved that they will report the issue to the DSL and reassure them that they will receive appropriate support and help.
 - Not ask the child or children involved in the incident to disclose information regarding the imagery and not share information about the incident with other members of staff, the child(ren) involved or their, or other, parents and/or carers. This is the responsibility of the DSL.
- If made aware of an incident involving nude or semi-nude imagery, DSLs will:
 - act in accordance with our child protection policies and the relevant local procedures and in line with the [UKCIS](#) guidance.
 - carry out a risk assessment in line with the [UKCIS](#) guidance which considers the age and vulnerability of learners involved, including the possibility of carrying out relevant checks with other agencies.
 - a referral will be made to Children's Social Care and/or the police immediately if:
 - the incident involves an adult (over 18).
 - there is reason to believe that a child has been coerced, blackmailed, or groomed, or there are concerns about their capacity to consent, for example, age of the child or they have special educational needs.
 - the image/videos involve sexual acts and a child under the age of 13, depict sexual acts which are unusual for the child's developmental stage, or are violent.
 - a child is at immediate risk of harm owing to the sharing of nudes and semi-nudes.
 - The DSL may choose to involve other agencies at any time if further information/concerns are disclosed at a later date.
 - If DSLs are unsure how to proceed, advice will be sought from the local authority and/or [Kent Education Safeguarding Service](#) Thanet - 03000 418 503
 - Store any devices securely:
 - If content is contained on learners' personal devices, they will be managed in accordance with the DfE '[searching screening and confiscation](#)' advice.
 - If a potentially indecent image has been taken or shared on our network or devices, we will act to block access to all users and isolate the image.
 - inform parents/carers about the incident and how it is being managed and provide support and signposting, as appropriate, unless to do so would place a child at risk of significant harm.

- provide the necessary safeguards and support for learners, such as offering counselling or pastoral support.
- implement sanctions where necessary and appropriate in accordance with our behaviour policy but taking care not to further traumatise victims where possible.
- consider the deletion of images in accordance with the [UKCIS](#) guidance.
 - Images will only be deleted once the DSL has confirmed that other agencies do not need to be involved and are sure that to do so would not place a child at risk or compromise an investigation.
 - Learners will be supported in accessing the Childline '[Report Remove](#)' tool where necessary: Report Remove Tool for nude images.
- review the handling of any incidents to ensure that best practice was implemented; the leadership team will also review and update any management procedures, where necessary.
- We will not:
 - view any imagery, unless there is no other option, or there is a clear safeguarding need or reason to do so. If it is deemed necessary, the imagery will only be viewed where possible by the DSL in line with the national [UKCIS guidance](#), and any decision making will be clearly documented.
 - send, share, save or make copies of content suspected to be an indecent image/video of a child and will not allow or request learners to do so.

10.1.3 Cyberbullying

- Cyberbullying, along with all other forms of bullying, will not be tolerated at Chilton Primary School
- Full details of how we will respond to cyberbullying are set out in our [anti-bullying policy](#).

10.2 Online child abuse and exploitation

- Chilton Primary School recognises online abuse and exploitation, including sexual abuse and sexual or criminal exploitation, as a safeguarding issue and all concerns will be reported to and dealt with by the DSL, in line with our child protection policy.
- Chilton Primary School will ensure that all members of the community are aware of online child abuse and sexual or criminal exploitation, including the possible grooming approaches which may be employed by offenders to target learners, and understand how to respond to concerns.
- We will implement preventative approaches for online child abuse and exploitation via a range of age and ability appropriate education for learners, staff and parents/carers. (PSHE curriculum, child protection policy)
- We will ensure that all members of the community are aware of the support available regarding online child abuse and exploitation, both locally and nationally.
- If made aware of an incident involving online child abuse and/or exploitation, we will:
 - act in accordance with our child protection policies and the relevant local safeguarding children partnership procedures.
 - store any devices containing evidence securely:

- If content is contained on learners' personal devices, they will be managed in accordance with the DfE '[searching screening and confiscation](#)' advice.
 - If any evidence is stored on our network or devices, we will act to block access to other users and isolate the content.
 - if appropriate, make a referral to Children's Social Work Service and inform the police via 101, or 999 if a learner is at immediate risk. [Kent Education Safeguarding Service](#) Thanet - 03000 418 503 may also be consulted.
 - carry out a risk assessment which considers any vulnerabilities of learner(s) involved, including carrying out relevant checks with other agencies.
 - inform parents/carers about the incident and how it is being managed and provide support and signposting, as appropriate.
 - provide the necessary safeguards and support for learners, such as, offering counselling or pastoral support.
 - review the handling of any incidents to ensure that best practice is implemented; leadership team will review and update any management procedures, where necessary.
- We will respond to concerns regarding online abuse and exploitation, regardless of whether the incident took place on our premises or using school provided or personal equipment.
 - Where possible and appropriate, learners will be involved in decision making. If appropriate, they will be empowered to report concerns themselves with support, for example if the concern relates to online sexual abuse via the National Crime Agency CEOP Command (NCA-CEOP):
www.ceop.police.uk/safety-centre/
 - If we are unclear whether a criminal offence has been committed, the DSL will obtain advice immediately through the Local Authority and/or police and [Kent Education Safeguarding Service](#) Thanet - 03000 418 503
 - We will ensure that the NCA-CEOP reporting tools are visible and available to learners and other members of our community. (School website)
 - If made aware of intelligence or information which may relate to child sexual exploitation (on or offline), it will be passed through to the police by the DSL.
 - If members of the public or learners at other schools are believed to have been targeted, the DSL, will seek advice from the police and/or the Local Authority before sharing specific information to ensure that potential investigations are not compromised. Local Contact: [Kent Education Safeguarding Service](#) Thanet - 03000 418 503

10.3 Indecent Images of Children (IIOC)

- Chilton Primary School will ensure that all members of the community are made aware of the possible consequences of accessing Indecent Images of Children (IIOC) as appropriate.
- We will respond to concerns regarding IIOC on our equipment and/or personal equipment, even if access took place off site.
- We will seek to prevent accidental access to IIOC by using an Internet Service Provider (ISP) which subscribes to the Internet Watch Foundation (IWF) block list and by implementing appropriate filtering, firewalls and anti-spam software.

- If we are unclear if a criminal offence has been committed, the DSL will obtain advice immediately through the police and/or the Local Authority. Local Advice: [Kent Education Safeguarding Service](#) Thanet - 03000 418 503
- If made aware of IIOC, we will:
 - act in accordance with our child protection policy and the relevant local safeguarding children partnership procedures. [Kent Education Safeguarding Service](#) Thanet - 03000 418 503
 - store any devices involved securely, until advice has been sought. If content is contained on learners personal devices, they will be managed in accordance with the DfE '[searching screening and confiscation](#)' advice.
 - immediately inform appropriate organisations, such as the IWF and police.
- If made aware that a member of staff or a learner has been exposed to indecent images of children, we will:
 - ensure that the DSL is informed.
 - ensure that the URLs (webpage addresses), which contain the suspect images, are reported to the IWF via www.iwf.org.uk and/or police.
 - inform the police as appropriate, for example if images have been deliberately sent to or shared by learners.
 - report concerns as appropriate to parents and carers.
- If made aware that indecent images of children have been found on school provided devices, we will:
 - ensure that the DSL is informed.
 - ensure that the URLs (webpage addresses), which contain the suspect images, are reported to the IWF via www.iwf.org.uk .
 - inform the police via 101 or 999 if there is an immediate risk of harm, and any other agencies, as appropriate.
 - only store copies of images (securely, where no one else has access to them and delete all other copies) following a written request from the police.
 - report concerns, as appropriate to parents/carers.
- If made aware that a member of staff is in possession of indecent images of children, we will:
 - ensure that the Head of School is informed in line with our managing allegations against staff policy.
 - inform the LADO and other relevant organisations, such as the police in accordance with our managing allegations against staff policy.
 - quarantine any involved school provided devices until police advice has been sought.

10.4 Online hate

- Online hate content, directed towards or posted by specific members of the community will not be tolerated at Chilton Primary School and will be responded to in line with existing policies, including child protection, anti-bullying and behaviour.
- All members of the community will be advised to report online hate in accordance with relevant policies and procedures.
- The police will be contacted if a criminal offence is suspected.
- If we are unclear on how to respond, or whether a criminal offence has been committed, the DSL will obtain advice through the Local Authority and/or the police. [Kent Education Safeguarding Service](#) Thanet - 03000 418 503

10.5 Online radicalisation and extremism

- We will take all reasonable precautions to ensure that learners and staff are safe from terrorist and extremist material when accessing the internet on site.
- If we are concerned that a learner or adult may be at risk of radicalisation online, the DSL will be informed immediately, and action will be taken in line with our child protection policy:
 - If the concerns relate to a member of staff, the Head of School will be informed immediately, and action will be taken in line with the child protection and allegations policies.

10.6 Cybercrime

- Chilton Primary School recognises that children with particular skills and interests in computing and technology may inadvertently or deliberately stray into 'cyber-enabled' (crimes that can happen offline but are enabled at scale and at speed online) or 'cyber dependent' (crimes that can be committed only by using a computer/internet enabled device) cybercrime.
- If staff are concerned that a child may be at risk of becoming involved in cyber-dependent cybercrime, the DSL will be informed, and consideration will be given to accessing local support and/or referring into the [Cyber Choices](#) programme, which aims to intervene when young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.
