OSI COULD HELP YOU

OSI (Online Support and Intervention) is an online platform designed to help parents to learn tools and techniques to help their child (aged 5 to 12 years old) to overcome difficulties with anxiety.

Parents work through weekly online modules that contain videos, quizzes, and interactive worksheets. Parents are also supported by a weekly telephone/videocall appointment with a practitioner.

You can access OSI at a convenient time for you using any electronic device!

Please note the last day to access the summer OSI offer is 15th September 2023
